🧠 SKILLS

- React
- Vue.js
- NextJs
- Typescript/Javascript
- HTML5
- CSS/ Tailwind CSS
- Figma
- Playwright
- Jest
- React Testing Library
- Zustand
- Context API

📇 PROFILE

Creative and detail-oriented Front-End Engineer with 5+ years of experience building intuitive, responsive web applications using Vue.js 3, TypeScript, Tailwind, and REST APIs. Skilled in designing seamless user experiences from Figma wireframes to production-ready code, with a strong focus on clean, maintainable development. I am immediately available to join and excited to contribute to kinisto's mission.

💼 PROFESSIONAL EXPERIENCE

Frontend Developer, ADS-Tec-Energy GmbH
04.2023 – present | Stuttgart, Germany
- Led junior developers building Web and HMI apps with React, Next.js, Vue.js; collaborated with UX and marketing teams using Figma and TailwindCSS; delivered agile features including accessibility support like speech output and clickable items for specially-abled users in EV charge posts.
- Boosted development speed 35% and maintainability with Zustand; cut React build time 40% (ESBuild) and Vue.js load time 30%; improved code quality 25% via reusable React + Storybook components and testing with Jest, Playwright, and React Testing Library.
- Built interactive dashboards with Chart.js and Plotly.js, increasing user engagement by 25% and data-driven decisions by 30%.

Technology analyst, Infosys Ltd
12.2017 – 12.2023 | Stuttgart, Germany
- Built responsive Angular apps with TypeScript and Angular Material; partnered with UX and integrated REST APIs for seamless front-end/back-end flow.
- Contributed to agile sprints via code reviews, gained Azure deployment experience, and supported project planning with estimations and timeline management.

Programmer, Acceltree Software Pvt Ltd
05.2015 – 11.2017 | Pune, India
- Implemented mobile app features with JavaScript, jQuery, and proprietary framework; developed responsive designs using CSS3 and Bootstrap; integrated AJAX with ASP.net for smooth front-end/back-end communication.

📑 AWARDS & CERTIFICATES

- Meta Front-End Developer Professional Certificate
- Got appreciated for Design and Functionality for the HMI – ADS-Tec-Energy year 2023
- Ensured timely project delivery, high-quality outcomes, and strong client engagement at Infosys Ltd (2018–2019).
